

POLICE CIRCULAR ORDER NO. 252

A number of Welfare Institution Buildings are under construction at various places in the State. The construction of these buildings is supervised by B.S.Is. working under the control of Heads of Estts./State Police Hdqrs. It has been observed that the construction of such buildings is unduly delayed; it does not come up to proper standard; the cost of construction is high and the Heads of Establishments are not able to devote sufficient time for exercising proper control over the construction.

It is hereby ordered that constructions of all new buildings out of any Welfare Fund should be taken up by the Orissa Police Housing & Welfare Corporation only and by no other agency.
