

POLICE CIRCULAR ORDER No. 16

It has come to notice that outsiders sometimes enter District Police Offices with the connivance of clerks either for private business or on official matters. Instances of thefts and divulgence of official secrets due to such of unauthorised entry have occurred and the practice which is most undesirable from the administrative point of view, must cease forthwith. No outsider, including friends or relatives of any clerk should be allowed to enter Police Offices without the prior permission of the Superintendent of Police Deputy Superintendent of Police or the Head Clerk.

Prevention of unauthorised access into police offices by outsiders.

A notice-board prohibiting such unauthorised access to Police Offices should be hung at the entrance. Officers should see that this order is rigidly followed and serious notice should be taken of any infringement.

(Previous Police Circular Order No. 2 of 1947)
