

POLICE CIRCULAR ORDER NO. 207/72

Subject—Clear and legible signature on public documents

Attention is invited to P. M. P. 899 (a) where it has been laid down that signatures to public documents should be clear and legible. It is however noticed that the signatures are invariably illegible causing many administrative difficulties. It is therefore ordered that the Officers' signatures should be legible and to make it clear be backed up by typing of the initials in Block letter. The same thing applies for writing in the C. C. R.
