

POLICE CIRCULAR ORDER No. 47

Police Manual
Rule 1045
(Maintenance
of Stock and
Store
Register and
Distribution
Register).

The serious attention of all officers is directed to the above Police Manual Rule which lays down the procedure for the proper accounting of Government stock and stores. It is regrettable that in some districts, this rule which entails the safe custody of Government property, has been neglected or lost sight of for some considerable time with the result that a good deal of confusion has been caused in the annual return of Government stores which is to be submitted by the 1st of May every year.

In this connection attention is invited to Police Manual Rule 773 which lays down the procedure for officers taking charge of posts. This rule must be strictly observed and the penalty involved in Police manual Rule 773 (b) enforce for all deficiencies discovered in the stock and stores.

It is the responsibility of inspecting officers to see that Police Manual Rules 1045 and 773 are being observed.
