

POLICE CIRCULAR ORDER No. 48

Use of
Government
property by
gazetted
Police
Officers.

Instances have come to notice where Police Officers have freely used Government property stocked in the Reserve Lines and ignored Police Order No. 1 of 1944 and G.O. No. III of 1950 which is reproduced below :—

"If any officer needs any Government property for his private use temporarily, he may take it with the permission of the superior officer, but he should be personally responsible for the timely return of the property and for its safe custody and proper use. The superior officer should give such permission only when it would be free from objection."

These orders are once again brought to the notice of all Officers, Heads of Establishments and Range D.I.G. who will see that these instructions are rigidly observed.

(Previous Police Circular Order no.3 of 1951)
