

POLICE CIRCULAR ORDER No. 59

Supervision
of cases by
Gazetted
Officer.

It is seen that the supervision notes of some of the Deputy Superintendents of Police, treated as second reports in Special Report cases, are superficial, containing hardly anything useful or convincing. Supervision of Gazetted Officers should be circumspective and their notes, instead of being a mere narration of statements of witnesses, should be useful documents with facts, evidence and conclusions.

(Previous Police Circular Order N. 8 of 1952)
