

# ODISHA POLICE RECRUITMENT BOARD, CUTTACK

## Corrigendum

In the calculation sheet of number of candidates short-listed for Physical Measurement and Physical Efficiency Test at page 55, the figures of advertised vacancies mentioned against SC and ST category have been substituted in the second row for women category because of a typographical error. The vacancy advertised for SC is 26 and ST is 36. The remaining figures, however, are correct and the required number of candidates have been short-listed.

A fresh corrected document is uploaded to avoid any confusion.
