Mobile Application, MO SAATHI
by Commissionerate Police, BBSR-CTC.

The Commissionerate Police has successfully launched, MO SAATHI an android based mobile application which is one of its kinds in the entire country. This mobile application is oriented towards extending police assistance to the distressed women facing threat to life and limb, especially women and girls travelling alone in the twin cities of Bhubaneswar and Cuttack.

Women, caught in tight and extremely hostile situation, can make use of this app to alert and summon the police. During emergency, the mobile app will capture audio and video from the environment of the person in distress and transmit it to the Modern Police Control Room. This app would also serve as a deterrent to the possible perpetrators of such violence.

Features :
The notable features of this mobile application are. Power button alert
. Single key SMS/call alert to family/friend/relatives
.Call alert to Modern Police Control Room
. Automatic recording and transmission of 30 seconds video conveying the distress situation.
. Automatic emergency call to the Police Control Room
. Victim's details, location and time alert on mobile phone and web portal at Control Room.

How to use :
.Users can download "Mo Saathi" from Google Play free of cost.
. A new user needs to register by sharing name, cell phone number and mobile numbers of minimum two relatives/friends.
.After verification, a key is sent to the user's mobile which will enable the application.
.SOS,Call icons are available on Home Screen for quick access.SOS is the quick launch Hot keywhich can be used to send messages with a single tap to all the group members.CALL is used to call the emergency contact number which is updated in the user details
. The Police Control Room shall transmit the SMS alert to the PCR vans and to the IIC of the concerned PS for immediate assistance.
