

POLICE CIRCULAR ORDER No. 71

Instances have come to notice where submission of sub-vouchers to the Accountant-General, relating to expenditure on P. C. and R. projects, have been greatly even after the completion of the works. Consequently, the amounts sanctioned for the projects are kept under objection by the Accountant-General causing serious dislocation in the settlement of accounts of those projects. In this connection, attention is drawn to the provision of P. M. Rule 1158, which should be scrupulously followed hereafter. On no account submission of sub-vouchers should be delayed after the work is completed and money drawn from the Treasury.

delay in
submission
of sub-
vouchers in
respect of
the
expenditure
on P. C. and
R. works.
