

POLICE ORDER No. 7

(Revised)

SUBJECT—Availing of joining time by trainees reporting at the Police Training Centres

Availing of
joining time
by trainees
reporting at
the Police
centres.

Instances have come to notice that recruit Constables and D. I. C. trainees join their Training Centres after availing of full joining time. Thereby, avoidable delay has been caused in commencing the training courses.

As regards the recruit Constables' deputed from the districts to undergo Constable Course of Training, their joining time shall be limited only to the actual time taken for the journey to the Training Centres.

As regards Constables selected for the D. I. C. training at the Police Training Centres, they shall not ordinarily be allowed full joining time on such transfers and shall report at the Training Centres after availing the time taken for actual travel to the Training Centres. However, Police Supdts. may at their discretion, grant full joining time to particular constables, who may have their families with them and who may thus require time to leave them at home. In such cases, the constables should be relieved in time so as to enable them to join the Police Training Centres on the scheduled date of commencement of their courses.

(Previous P. O. reference No. 4 of 1938 and No. 7)
