

**POLICE ORDER No. 137**

Submission  
of  
Supervision  
Notes by  
Circle  
Inspector.

It has come to my notice that Police Inspectors do not submit supervision notes in cases which have been supervised by the gazetted officers.

This is not only irregular but is against the P.M. Rule 48(a).

This practice is utterly unsatisfactory as the responsibility of an Inspector does not cease even though a case is supervised by the superior gazetted officers. It is incumbent on him to scrutinise the day to day progress of investigation, with a view to rectify defects in investigation and offer useful suggestions that can guide and help the investigating officer.

I, therefore, order that failure to comply with these orders shall be suitably dealt with.
