

POLICE ORDER No. 150

Expert examinations of exhibits relation crime. In spite of instructions laid down in the Police Manual and Circulars issued from time to time, regarding sending of exhibits relating to crime, for experts examination, it is noticed that exhibits are often missent or references are made to know whether to send particular exhibits for expert examination. A chart showing where to exhibits for expert examination should be sent with references to the relevant P. M. Rules and Circulars, is appended herewith. A copy of this charts should be kept in every police-station and police office for ready reference.
