

POLICE ORDER No. 60.

Enquiry into
anony mous
petitions. 1. Anonymous petitions against the police appear to be on the increase. Experience has proved that the vast majority of such petitions are completely false and frivolous and the cowardly writer's only intention is to harass and mentally torture the person complained against.

2. In future, *anonymous petitions will not be publicity enquired into*. Those petitions which make allegations of a general nature may be filed according to the Superintendent of Police's discretion while those petitions which contain allegations of a specific nature with reference to specific acts, will be made the subject-matter of confidential inquiry before action is taken.

(Previous Police Order Reference No. 1 of 1950)
